

WES Parents/Guardians

The school will be hosting a virtual recognition assembly on Monday October 5, 2020. As a change from last year, we are aligning our recognition certificates with **The Seven Sacred Teachings**. The Seven Sacred Teachings are moral, guiding principles that we speak of, practice and model for our students on a constant basis.

When we follow these teachings, we live in greater harmony and peace, not just in our own hearts and lives, but also in our families, schools and society as a whole.

With support from our Aboriginal Education Support Worker, Ms. Riva Stevens, students will learn about these **Seven Sacred Teachings** in different ways throughout the school year. In terms of our local context, we are looking forward to linking these new understandings with cultural connections to our neighbouring Shuswap and Akisqnuk bands as well.

We are looking forward to recognizing our students in this special way! Be on the lookout for these certificates coming home at some point this year.
