Thanksgiving

NUT AWARE

Tree nut items/foods are permitted at the school at this point.

This practice could suddenly change.

In the event that it does, the school will communicate this to let parents/guardians know.

WES PAC NEWS:

Next PAC Meeting
Monday, Oct 16th
7:00pm
@ WES

*All parents welcome and invited to attend!

WES PILLARS

Look after yourself.
Look after each other.
Look after this place.
Be a respectful listener
and a powerful speaker.

WINDERMERE ELEMENTARY SCHOOL, "Where Children Soar" SEPTEMBER 22, 2023

Hello Windermere Elementary School Families,

What a busy back to school month we have had! I am sure you are feeling the same way, as you and your children get back into the routines of school life. I am really excited about this school year and of course our students and families are a big part of that excitement. We had a fantastic turnout for our Class Meetings last week and I would like to say thank you to all of you who came out to support our school and students. One of the biggest messages we want to share with our school community is the importance of our school pillars. We want to raise citizens who are aware of how to take care of themselves, others and our environment. We thank you for reminding your children about the importance of these pillars so that we can have our students learn in a safe, welcoming, caring school.

I hope you have a great long weekend as there is no school for students on Monday, September 25.

Sincerely,

Keri Gust

Principal, Windermere Elementary School
SD6

On Tuesday, September 19 the grade 2 and 4/5 classes went to Spruce Grove Campground to watch the Kokanee salmon spawn. The students were delighted to see 100s of bright red salmon spawning. In addition to learning about stream protection and the life cycle of the salmon, the students were lucky enough to meet scientists from the Kootenay Trout Hatchery. The students were able to see the workers collecting salmon, separating them into male and female, and collecting their eggs.

What an exciting day!
